1. Dear Seller,

In order to ensure that all your offerings on GeM are up to date in terms of offer price, inventory position, delivery locations, discounts etc., it is now mandatory for all sellers to update these details regularly. Any offerings not updated for 60 days will be automatically marked as 'expired' on the platform, and will not be available for procurement till the details are updated again. Any of your offerings that have not been updated for 45 days will be visible under a new tab on your dashboard "Offerings Expiring Soon" w.e.f. 25th June 2020. All expired offerings will be visible under a new tab on your dashboard "Expired Offerings", [Click here](#) to see a step-by-step guide for the functionality.

If any of your offerings are visible in the "Offerings Expiring Soon", you are advised in your own interest to update the required details on these offerings before 10th July 2020, post which any offerings not updated in the last 60 days will be marked expired. While updating your offerings please do ensure to check and review your delivery locations also, since as per revised IM policy, refusal / non acceptance of and failure in supply against Direct Purchase orders for offered locations would invite penalties and forfeiture of caution money.

If any of your expired offerings (i.e. offerings in the Expired Offerings tab) are not updated for a further period of 60 days, the offerings will be removed and you would need to re-upload or pair the offering to start selling again. All such offerings will be visible on your seller dashboard for informational purposes only. Kindly note that you will need to update your Expired offerings by 30th July 2020, post which any non-updated expired
